

REPORT

To help you REPORT accurately and promptly, the Law Office of JASON S. COOK has created this information card. In case of an accident, use it to record vital information and then contact us *immediately* at **702-254-2665**.

In case of accident and you feel any pain:

REPORT

the accident immediately to the police. You **MUST** tell the police department that you are injured as a result of the motor vehicle collision or they will **NOT** respond to the scene.

EXPLAIN

the accident only to the police and your lawyer. Do **NOT** give a statement to the other driver or his insurance company.

IF an accident occurs and an injury is not immediately known you MUST:

PREPARE

Be prepared for Metro's new policy by keeping this information card in your vehicle along with a pen or pencil, a camera or phone that will allow you to take pictures.

ORGANIZE

all information including insurance policies and witnesses. If possible photograph not only the property damage to both vehicles but also the license plate, insurance card and persons in the other vehicle(s).

RESPONSIBILITY

Under Metro's new policy, the responsibility of recording the details of a motor vehicle incident is up to you. It is imperative that you document and record everything.

TELEPHONE

The law office of Jason S. Cook at **(702) 254-2665**

LET US DO THE REST

Contacting an experienced injury attorney can be one of the most important calls made following an accident.

ACCIDENT INFORMATION

Fill out if an accident occurs regardless of whether an injury is known at the incident scene
